What is Student-Athlete Affairs?

We here at The University of Texas at Dallas want you to be successful on and off of the playing field while you are with us, and once you leave. Therefore, we implemented the Student-Athlete Affairs Program in 2004 to help foster this success.

What do we ask of you?

As a UTD student-athlete, we ask that you attend one of the department-sponsored seminars each semester (2 for the year) during the 2012-2013 academic year.

What if I can’t make the sponsored seminar?

Each month you will receive a calendar of events/seminars that are being held on campus, as well as, other important dates regarding classes, graduation, deadlines, or other upcoming seminars.

Information is also posted outside of the athletic training room. Stop by here, pick up a seminar evaluation form, and return it to Tom Monagan.
